UNIFORM RULES FOR 4-H HORSE SHOWS

The Uniform Rules are required for 4-H horse shows throughout the state of Ohio. In a horse program as large as Ohio, consistency of rules is very important for smooth operations of the program. However, we also realize that due to the variation in size and organization of the horse clubs, counties need the flexibility to add to these committees and/or the local shows. However, when the 4-H member comes to the state horse show, these rules will be strictly followed, or if changes are made to these rules they will be written out and given to all exhibitors.

The rules in this section are highlighted rules from the Uniform Rule Book for all to have access too, to have all the rules please contact the OSU Extension office to order or the OSU Extension website to order your own Uniform Rules Book.

Ownership: Equine used as project animals must either be owned by the member the member's family (step included) or leased. A horse can only be leased by one 4-H member

All animals carried as a project and those that are shown as the state fair must be owned or leased and in the continual care of the 4-H member by the date specified by the member's county. This date shall be no later than June 1st. Continual care does permit boarding an animal, provided the member is involved in caring for the horse and the horse is not a production animal. Project animals should not to switch during the year.

Knox County rules state that continual care for our fair is by May 1st.

All equine members will have a sheet in their record book to indicate care given by them for the project animal. These need to be kept up to date and be available for OSU, Fair board and Equine Committee during fair week.

General Rules:

No riding without proper tack and attire. No tank tops, no shorts, no tennis shoes! Helmets are required.

Inhumane (as determined by show manager) methods of schooling or showing are not allowed. Any fresh bleeding observed by the judge and caused by rider, tack or lack of control in a class disqualifies the exhibitor in that class.

Knox County Rules state that excessive use of crop or whip (determined by judge and/or show manager) will have one verbal warning. If excessive use is continued the rider will be disqualified from that day's events.

Administration of any drug (including herbal preparations) that affects the central nervous system (stimulant or depressant) to a horse shown in any 4-H class is strictly prohibited.

The Judge determines if a horse is sound or healthy enough to compete in a class.

The procedures for handling horse show complaints and protests are as followed:

1. Complaints are handled through the show steward, who clarifies rules and arranges for the exhibitor to visit with the judge if the steward feels the request is justified.
2. If any complaint cannot be resolved at the steward level a written protest should be filed with show manager
 - Protests must be made in writing and signed by the party or parties making the protest.
 - A \$100 fee must accompany the protest. The fee is retained by the show manager and used to pay the costs of investigating the protest.
 - The protest and fee must be filed with the show manager the same day of the show. The protest is considered at the time designated by the show manager and includes the accused, the accuser and Extensions representative, and any other needed parties. If any party cannot attend, a representative must be sent.

A judge's decision on how a class is placed, or a decision on disqualification of an exhibitor based on the judges' interpretation of the rules for that class, shall not be protested.

The show manager has the right to prohibit an exhibitor from showing if there is evidence that the exhibitor has violated 4-H horse show rules that would make the exhibitor ineligible to show.

Because of animal welfare concerns and the image that 4-H wants to present, horses with a body condition score of less than 4, when using a scale of 1-9, obviously sick horses and horses with a Grade 3 or greater lameness are not allowed at 4-H shows, The show manager, fair vet if available, or the judge can dismiss a horse from the show for these reasons.

Versatility:

1. This competition is designed to motivate riders to broaden their horsemanship. It creates the opportunity for riders to develop new skills and to further train their horses. It is especially recommended for advanced riders.
2. This class consists of four separately shown and judged classes. One of the four classes should be a Western class, one should be an English class; one should be a Gymkhana class; and one should be a class in which exhibitors work individually (reining, trail, etc.). Exhibitors must complete all four classes to be eligible for final placing.

3. These are the conditions for entry; the exhibitor must have placed in a showmanship and/or horsemanship (equitation) class at this show prior to making an entry in the versatility. Definitive restrictions are to be determined by local advisors according to their county's level of achievement; these restrictions must be made before the show begins. It is suggested that versatility exhibitors should have completed two years of 4-H project work with horses.
 - a. Knox County allows all who are three-gaited to participate in Versatility and has added showmanship to the showbill
4. Each rider must show in all four events and must use the same horse in each event. Judges place each class 1-10. Points are totaled for all four classes to determine the winner.
 - a. Knox County requires all five classes
5. The winner of the Versatility Class is the horse and riders accumulating the most points in the four events combined and lower placings are similarly determined. In the event of a tie in the number of points, it is recommended that the exhibitor with the highest horsemanship/equitation score is the winner; however, counties may use their discretion on how to break ties.
 - a. Knox County requires all five classes and first tie breaker is highest Horsemanship points
6. All changes of tack and appointments must be made within the 5-minute intervals between events or the entry is eliminated.
 - a. Knox County allows extended time as it will work around miniatures showing in events between light horses

Gymkhana:

To start in the arena; the horse and rider may be assisted up to the entrance gate, but the horse and rider must enter the arena alone. The rider must not enter the gate any faster than a trot, must stop forward motion by completely stopping or else do a circle prior to starting the pattern.

A horse that runs into the wall or fence at any time due to lack of control or disobedience while in the arena will be disqualified.

The judge may assess a 5-second penalty for the rider who obviously has no control of his/her animal while doing the pattern and produces an unsafe ride.

Knox County Fair Equine Class Descriptions

Dressage/English/Jumping

1. These are a systematic, gymnastic form of training horses. Dressage tests are an examination of how well a horse and rider can perform a prescribed set of maneuvers. The “tests” consist of performing halts, sitting trots, canters and working walks and trots. Dressage Tests may be memorized or read to the rider by a caller.
 - a. Introductory Test A (First Time Rider Only) is a walk-trot test which is open to the rider who has NEVER shown Dressage before (regardless of age/year in 4-h).
 - b. This rider may enter Intro B/C if they wish
 - c. Riders may choose to ride in NO MORE than 3 Dressage Tests
 - d. Higher Tests may be ridden upon request
2. Dressage Equitation is judged on the rider’s dressage-style hands, legs and body posture at a walk, rising trot, sitting trot and canter.
 - a. Intro A and B are walk-trot tests that are good for the beginner dressage rider and/or horse. These tests can be entered by walk-trot members and 3-gaited members but have limited dressage experience or an inexperienced horse.
3. Prix Caprilli: is a combination of low fences and dressage test. Walk, trot, canter and Jump.
4. Flat Classes: A rider may show in one class in each of the equitation and pleasure divisions. Balance Seat Equitation is an additional class which can be ridden in addition to English Equitation.
5. Pairs Class: is judged on the teamwork of two horses and riders, it is not necessary that the horses be matched in appearance, but they do need to work as a unit. This is a fun class to ride and watch.
6. English Pleasure: is a class for horse/pony, which is ridden in any kind of English saddle. In this class, the judge is looking for a horse that appears to be pleasurable to ride with a “ground-covering” way of going.
7. Ground Pole Equitation: is a class for riders who are learning to jump. It is judged on the rider’s hands, seat, guidance and control of horse over a series of ground poles arranged in a simple course. This is considered a walk-trot class but is not limited to only walk-trot members.
8. Ground Poles Working Hunter: is a beginner class which is judged on the performance, manners and style of the horse/pony.
9. Handy Hunter Trail: is a trail class with obstacles and small fences to jump. This class is open to all members.

Western

Ranch: A superior ranch riding horse has a free-flowing stride of reasonable length in keeping with his conformation and covering a reasonable amount of ground as if he was going across the pasture to do a task on the ranch in a timely fashion. Horses should not be a run away but “we” have a lot to do today. Ideally, he should have a balanced, flowing motion, while exhibiting correct gaits with proper cadence and rhythm. The quality of the movement and consistency of the gaits is a major consideration.

Contesting Class Patterns: Pattern book is handed out each year and available on website with measurements and descriptions.

Fun Show Description

1. Costume Class: Kids may dress themselves and their horse in appropriate costumes, if it can not be worn, said or displayed in a school is it not permitted in the arena.
2. **Roping:** is to use a rope of their choice and will be given three (3) attempts at roping a dummy.

3. **Tying:** competitors are timed from a line as he rides his horse to the object “to be tied”, dismounts and throws and ties it and holds up their hands. The tie will then be inspected. There are mounted and unmounted tying events.
4. Pee Wee Showmanship: Kids between the ages of 2-7 or 8 and not in 4-H can enter this class with a member or parent who is comfortable with the horse.
5. Pee Wee Lead in: Kids between the ages of 2-7 or 8 and not in 4-H can enter this class riding a horse with a member or parent who is comfortable with the horse
6. Jack Benny Lead in Barrels: anyone over the age of 19 that needs to be led by a member or other person comfortable with the horse may enter this class.
7. Jack Benny Barrels: anyone over the age of 19 wanting to complete in barrels
8. Pee Wee Barrels: Kids the age of 2-7 or 8 and not in 4-H can enter this class. They may be led or on their own
9. Egg and Spoon: is based on how you can balance an egg in a spoon while completing the task the judge asks for. If egg drops you are to immediately report to the center of the arena. You have 3 strides to pick up or drop down to the gait asked.
10. Station 490: Ride (lead for minis) horse across timer, save “Baby/animal” and ride/lead back across timer. DQ if animal/baby is dropped during rescue.
11. Bribery: Ride (lead for minis) horse across timer, go to and around barrel, grab carrot and have horse follow you back across timer without touching them.
12. Pony Express: consist of two riders. One will start on the left side of the arena between two cones and run up and around the barrel and end on the right side between two cones. Second rider may start their run after the first runner goes through the right side set of cones. Second rider will run up and around the barrel and finish between cones on the left side of the arena. Times will be added together. No going around the barrel, not going between cones or complete lack of control (Judge’s discretion) will result in a DQ.
13. Agility: The pattern is in the pattern book. A 5 second penalty will be added if barrel, pole or cone is knocked over and a DQ if pattern is not run correctly.
