

Knox County **MASTER GARDENER VOLUNTEERS**

ASK a Master Gardener in the Garden!

What is this insect doing to my tomato plants? When is the best time to apply compost to my garden? There is a white powder on my cucumber plants, what do I do? How do I keep the raccoons from eating my sweetcorn? Often when gardening we are faced with these types of questions. Where do you go to find your answers? *Wouldn't it be nice to be able to Ask a Master Gardener!?*

Join the Knox County Master Gardener Volunteers the last **Wednesday in the months of May- September from 6pm-7pm in the local community gardens** to get these and other gardening questions answers.

Locations:
